ZUNHEBOTO : NAGALAND**

**ANNUAL REPORT OF THE COLLEGE FOR THE YEAR 2021-22**

In the academic session 2021-22, a resurgence of vigour and hectic activities were witnessed. Academic and extra-curricular activities were conducted including observance of national and international days where teachers in various committees promptly organized such important programmes.

Students' responses to all these significant days were highly encouraging. The proposed introduction of CBCS is eagerly awaited.

One clear challenge is the shortage of classrooms and the need for more teachers in various departments. One more basic requirement is introduction of Sociology in the college. Addition of Science and Commerce Streams in the college is to be seriously pursued for actualisation. Meeting the aspiration of students by provision of diverse courses is a crucial need.

Keeping in view the new system of multiple entry and exit through the 3 or 4 years degree course to be a reality in the near future, the college is girding up to invigorate the working atmosphere of the college.
