### Intellectual Property Rights

Intellectual Property (IP) refers to any creation such as literary works, artistic works, inventions, designs, symbols, names, images, computer code, etc. In other words rights given to persons over creation of their assets.

Intellectual Property Rights (IPR) refers to the legal rights granted to the inventor or manufacturer to protect their invention or manufacture product. These legal rights confer an exclusive right on the inventor/manufacturer or its operator who makes full use of it's his invention/product for a limited period of time.
